

**Philippine Geothermal Production Company, Inc. (Philippine Geothermal)** is a Filipino corporation operating the Tiwi steam fields in the province of Albay and the Mak-Ban steam fields in the provinces of Batangas and Laguna. It is owned by Allfirst Equity Holdings, Inc. (AEHI), directly and through its wholly owned subsidiaries.

Tiwi and Mak-Ban are the result of a successful partnership between Philippine Geothermal's predecessor and the National Power Corporation that began in 1971, when a 2.5 kW government experiment was transformed into the first commercial geothermal power project in Southeast Asia, and led to the birth of the geothermal industry in the Philippines.

Philippine Geothermal continues its legacy of providing a clean, stable, reliable, and renewable source of energy to meet the country's growing power requirements. Its vision is to be the leading geothermal energy company, recognized not only for its world-class performance but also for contributing to the improvement in the lives of the people in the communities where it operates.
